2020 Metrics for AAHRPP-Accredited Human Research Protection Programs

August 2020

About the Metrics

AAHRPP is pleased to present the 2020 metrics for Human Research Protection Program (HRPP) performance. AAHRPP provides these data to help research organizations, researchers, sponsors, government agencies, and participants identify and support high-performing practices for HRPPs.

These metrics are collected from Annual Reports, as well as Step 1 and Step 2 applications, submitted by accredited organizations.

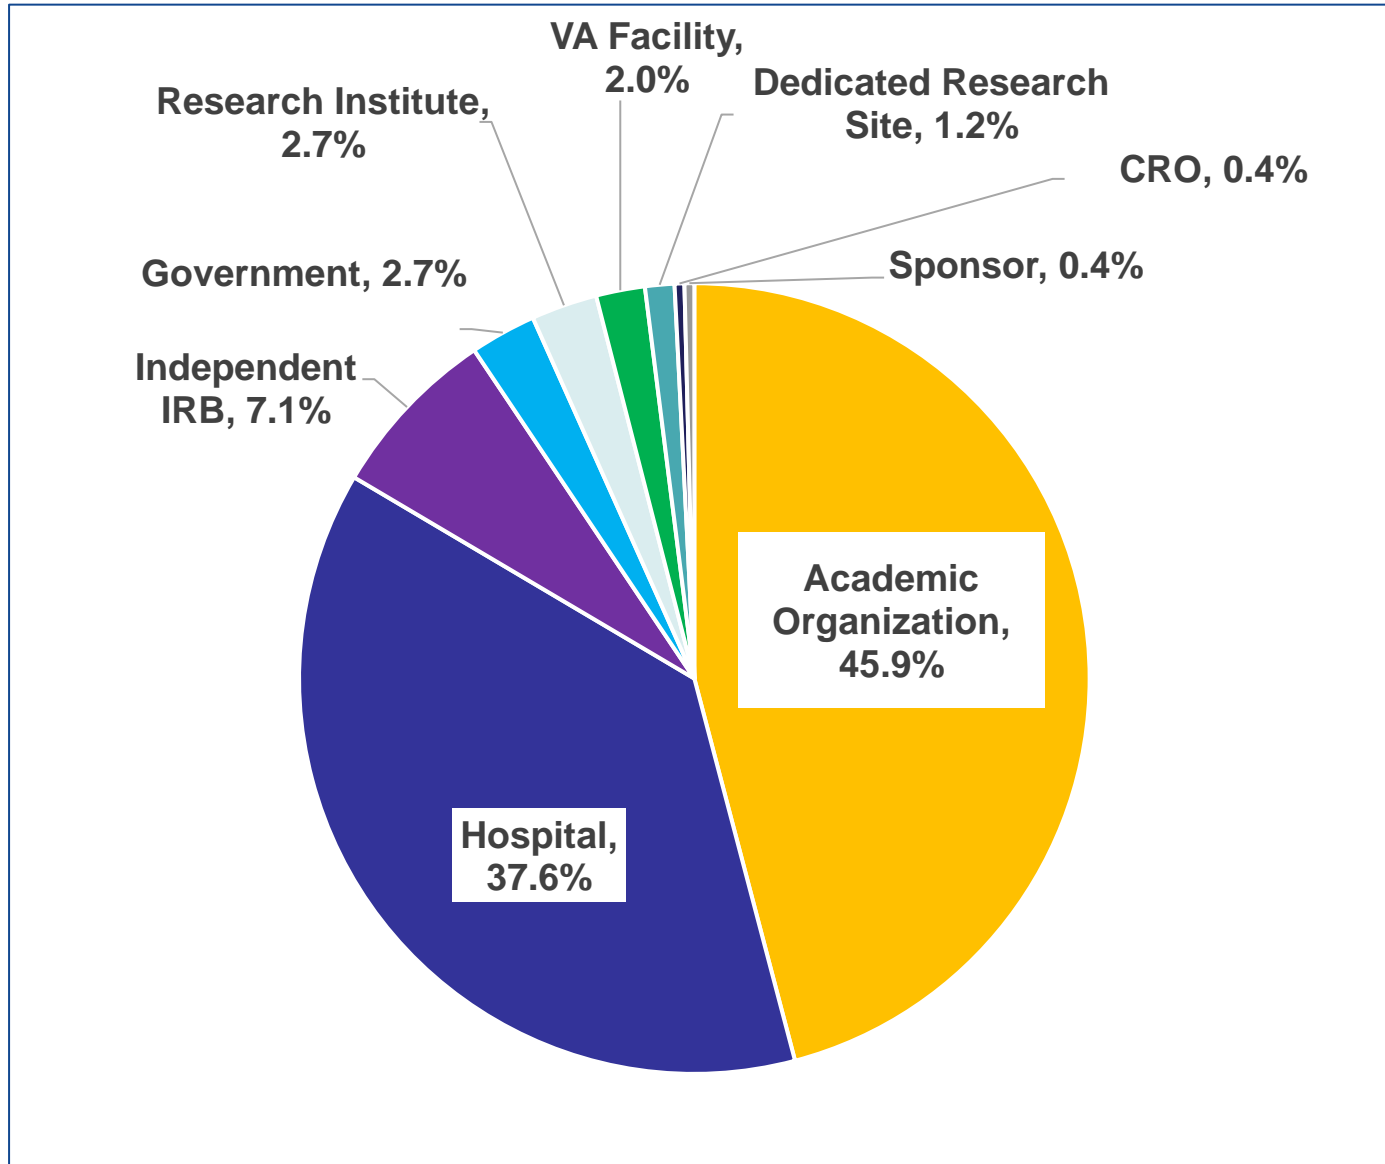

All the quantitative data were derived from the most recent reports by AAHRPP organizations.

Data were selected based on what most accurately reflected AAHRPP organizations in 2020.
